INTERNATIONAL ACADEMIC AND PRACTICAL CONFERENCE

FUTURE-ORIENTED VET FOR THE CONSTRUCTION SECTOR IN UKRAINE IN A PARTNERSHIP FOR EXCELLENCE

December 10–11, 2026, Dnipro, Ukraine

Overview

The conference aims to bring together leading experts and representatives of research, education, vocational training, industry, and public authorities to discuss the future development of vocational education and training (VET) for the reconstruction and modernization of Ukraine. The event will provide a platform for exchanging knowledge, experience, and innovative approaches, with a particular focus on adapting and applying successful European practices to the specific needs and challenges of Ukraine's construction sector.

The conference will address key issues related to the transformation of VET, the development of future-oriented skills and qualifications, the introduction of innovative educational technologies, and the strengthening of cooperation between VET institutions, universities, businesses, and other stakeholders. Particular attention will be given to the role of VET in supporting Ukraine's post-war recovery, sustainable reconstruction, technological modernization, and integration into the European educational and professional space.

The conference will be held in a hybrid format, combining in-person and online participations. The working languages are English and Ukrainian. The event is organized within the framework of the international academic project VETpartEX funded by the EU under the Erasmus+ Programme, grant id 101183275).

We look forward to welcoming you in Dnipro and to engaging in a constructive dialogue that will contribute to the development of a modern, resilient, and future-oriented VET system for Ukraine.

Conference Topics

- Needs and Challenges of Ukrainian Industry, Businesses and SMEs
- Future Skills and Qualifications for the Ukrainian Construction Sector
- Central Approach, Goals and Initial Achievements of the VETpartEX Project
